About me

Frontend & Mobile Engineer with 2.5+ years of experience building production-ready web and mobile applications using React.js, React Native, and Next.js. Experienced in CRM systems, dashboards, and scalable UI architectures, with a strong focus on performance, clean code, and business-oriented solutions.

Professional Experience

Frontend Engineer (React & React Native), *Findecor.io* ⧉ — Sep 2025 – Present, Tashkent,Uzbekistan

- Architected and maintained production-scale web and mobile applications using React, React Native, and NestJS.
- Developed an embeddable AI Chat Assistant script for business owners, featuring intelligent product recommendations and Voice Chat integration.
- Integrated RESTful APIs and enhanced backend services (Node.js/NestJS) to ensure reliable data flow and error handling.
- Owned the feature lifecycle from requirement analysis to post-release performance improvements.

Frontend Developer (RectJs, VueJs), *SaleHouse* ⧉ — Jan 2025 – Aug 2025, Navai,Uzbekistan

- Engineered a Real Estate CRM, boosting system performance by 15-20% through code refactoring.
- Implemented 3D building visualization and AI-driven image masking for automated building extraction.
- Built data-driven dashboards and sales pipelines using React and Vue to automate workflows

Frontend / Mobile developer (React, React Native), PRO UNITY ⧉ — Oct 2023 – Jan 2025, Bukhara,Uzbekistan

- Developed and published commercial dashboard and mobile app templates for global digital marketplaces such as Dribbble and Envato.
- Built modular, reusable UI systems using React.js and React Native, focused on scalability and customization.
- Ensured cross-browser and cross-device compatibility with responsive design principles.
- Optimized UI performance and bundle size to improve loading speed and user experience.

Frontend developer(ReactJs), *UniPoint Software Development* — May 2023 – Sep 2023, Bukhara,Uzbekistan

- Delivered frontend features for client-facing web and mobile applications using React.js and React Native.
- Participated in code reviews, sprint planning, and team collaboration, gaining experience with Agile workflows.
- Worked closely with senior developers to improve code quality and architecture decisions.

Education

Bachelor's Degree, *Navai state university*   Sep 2020 – Jul 2025
                                                                                   Navai,Uzbekistan

Certificates

Front End Development Libraries — freeCodeCamp ⌕
Completed the freeCodeCamp Front End Development Libraries certification, gaining practical experience
with Bootstrap, jQuery, Sass, React, and Redux through hands-on projects showcasing responsive,
dynamic, and state-managed web applications.
